SUBJECT OVERVIEW

ITEM 01

Subject: Release Regression Finalize | Scope: 140 relevant indexed records reviewed; 140 within the current reporting window. | Current Assessment: A broader control interpretation of "content changed: U.S. Securities and Exchange Commission - Litigation Releases - litigation-releases" would become more plausible only if later records show repeatable cross-institutional authority, funding, implementation or protection beyond the cited event. The current record does not establish that. | Boundary: The section reflects indexed public records, not every record in existence.
