- ITEM 01

Source: data/illuminati-secret-society-theory.json | Classification: SPECULATIVE CONCLUSION - NOT ESTABLISHED FACT | Confidence: 34 | Record Shows: What can be documented historically about Illuminati narratives, Masonic influence, elite clubs, fraternal orders, initiation networks, symbols, and public membership, and what remains speculation? Current site data supports treating this as a public-record theory lane, not as a proven hidden-command claim. This gives readers a disciplined way to explore a powerful narrative while separating records, analysis, inference, speculation and missing documents. | Boundary: A documented relationship does not by itself prove control, conspiracy or criminal purpose.
