- ITEM 02**

Incomplete records or reporting gaps may create an apparent contradiction without deliberate concealment.
- ITEM 03**

The explanation advanced by the subject or institution must be compared with dated primary evidence.
- ITEM 04**

The public record is presently insufficient to determine which explanation is correct where competing accounts remain unresolved.

Strongest established conclusion: The indexed record establishes that 39 A/B-grade public-record items are materially relevant to Mission Source Priority Index.

ITEM 02

Strongest analytical inference: The indexed set contains 54 relationship, ownership, access, meeting, funding or contract indicators that justify a structured network map.
