WHAT THE RECORD CAN SUPPORT

- Lead magnets are public orientation assets with a seven-day intelligence window. They do not increase evidence strength or replace trust/privacy pages.
- The reader leaves knowing where to start, which files matter first, what evidence class means, and which deeper book route to open next.
- Get the clean starting route into the archive: what to open first, how to separate evidence from theory, and how to follow the Black File trail without losing the source boundary.

SPECULATION BOUNDARY

- Speculation Boundary: analysis and hypotheses must remain visibly separate from confirmed records, legal findings and verified transactions.
- Association, contact, symbolism, allegation or inclusion in a dataset does not establish wrongdoing.
