

France 2026 Wealth and Tax Primer

MATRIX REPROGRAMMED | MAKING MONEY

FRANCE 2026 PRIMER

Income-tax bands: Official 2026 guidance lists rates of 0%, 11%, 30%, 41% and 45%, with thresholds applied per tax-share.

Source: BOFiP

Micro-enterprise thresholds: Official 2026 guidance sets new turnover ceilings, including EUR 203,100 for qualifying sales and EUR 83,600 for qualifying services, subject to activity-specific rules.

Source: economie.gouv.fr

Micro regime and expenses: The micro regime generally applies a fixed allowance rather than deducting actual professional expenses; a real regime may be worth examining where costs are high.

Source: impots.gouv.fr

PEA and assurance-vie: Both are long-term French investment wrappers with different access, asset and tax rules. Tax depends on holding period and transaction type.
