

The 12-Stage Wealth Creation Roadmap

MATRIX REPROGRAMMED | MAKING MONEY

12-STAGE ROADMAP

1. Earn - Increase reliable cash inflow through work, skills, sales or business.
Action: Choose one measurable route to raise monthly income.
2. Keep - Control taxes, fees, debt interest and waste legally.
Action: Complete the leakage audit.
3. Save - Create resilience and investable capital.
Action: Automate a transfer on income day.
4. Protect - Insure catastrophic risks and preserve liquidity.
Action: Review emergency cash and essential insurance.
5. Invest - Buy diversified productive assets for defined goals.
Action: Study one low-cost diversified vehicle before selecting products.
6. Own - Hold equity, businesses, property or intellectual property.
Action: Identify the next asset that can produce cash flow or appreciate.
7. Build - Create systems, products and recurring revenue.
Action: Turn one service into a repeatable process.
8. Scale - Grow what is already proven without losing control of cash.
Action: Track margin, customer acquisition cost and cash runway.
9. Diversify - Reduce dependence on one employer, customer, asset or jurisdiction.
Action: Map concentration risk.
10. Compound - Reinvest gains and allow time to work.
Action: Increase contributions before chasing higher returns.
11. Transfer - Plan beneficiaries, succession and estate administration.
Action: Review wills, nominations and ownership records.
12. Give or Reinvest - Direct capital toward family, philanthropy or new productive assets.
Action: Define a written purpose for surplus capital.
